

Gifts to School Personnel

All employees are prohibited from accepting things of material value from companies or organizations that do business with the District. Exceptions to this policy are the acceptance of minor items that are generally distributed by the companies through public relations programs.

Furthermore, school personnel shall not accept gifts from students and their families that are unduly expensive. School personnel shall not solicit gifts from students or parents/guardians.

Gifts to the school, whether money or material items, must have a specific educational purpose and be approved by the Principal. The Board should be notified of all gifts that exceed a value of \$100.00.

School fund-raising efforts are not considered gifts.

Solicitations

No organization may solicit funds from staff members within the schools, nor may anyone distribute flyers or other materials related to fund drives through the schools, without prior approval of the Superintendent or building principal. Staff members will not be made responsible, nor will they assume responsibility for the collection of any money or distribution of any fund drive within the schools unless such activity has the principal or Superintendent's approval. The Board expects such activities to be kept to a minimum.
